Level 3 classes are designed to engage preschoolers' natural love of music and activate their imaginations, while developing their growing language and social-emotional skills. **14 week session**

The class is designed for children to attend without an adult for about 35 minutes and then parents/caregivers and siblings join the class for the last 10-15 minutes for sharing time. **The first class the parents attend the full class without siblings and there will be no sharing time.**

**Cities! Busy Places ~ Friendly Faces** — In this unit, sidewalks, elevators, skyscrapers, and world-traveling photographers are the theme. Learning through the pretend play that preschoolers adore, we'll be rhythmically busy playing storytelling games and handcrafting city "buildings" from wax paper at home so we can make a cityscape in class! Plus every activity has some at-home adaptations so the parent can take part in the learning. With a pair of resonator bars as a featured instrument, and a multicultural, jazzy collection of music, preschoolers will develop the social and intellectual skills they'll need in school.
